

Do even more with **Blue Sky**.SM

Let's turn the answers on.

It's easy to do even more with Blue Sky renewable energy. Just fill out the information below.

I would like to increase my monthly purchase of Blue SkySM renewable energy by:

- Increasing my **total** purchase to _____ **blocks** per month. Each block equals 100 kilowatt-hours and costs \$1.95 per month. My participation will support regional wind energy and may also help develop community-based small-scale renewable energy projects. (*You can purchase as many blocks as you would like.*)

Easy ways to increase your purchase of Blue Sky:

- **Mail this form in the postage-paid envelope provided**
- **Call us weekdays 8 a.m. to 6 p.m. at 1-800-769-3717**
- **Visit rockymountainpower.net/bluesky**

Local community based small-scale renewable energy projects supported through the Block program can include wind, solar, geothermal, low-impact hydro, wave or tidal action or low emissions biomass.

Name (as it appears on your Rocky Mountain Power statement)

Rocky Mountain Power service address

City, State, Zip

Rocky Mountain Power account number (as it appears on your Rocky Mountain Power statement – optional)

Daytime phone number or e-mail address (optional)
