Charles Peterson, Utility Analyst
Artie Powell, Acting Manager

DATE: May 6, 2005

SUBJECT: Quantec's Utah HELP Program Evaluation Final Report

BACKGROUND

In Docket No. 99-035-10, the Utah Public Services Commission (Commission) ordered the implementation of the Home Electric Lifeline Program (HELP, or the Program). In a subsequent order, the Commission adopted the "Joint Stipulation on PacifiCorp's Lifeline Rate" which detailed the implementation of the Program. The Joint Stipulation charged the Division of Public Utilities (Division) with:

1. developing a set of standards and measures against which to evaluate the lifeline program;
2. evaluating the effectiveness and success of the Program against those standards and measures; and
3. monitoring and auditing the Program, and submitting, at a minimum, annual reports to the Commission and other interested parties with a comprehensive review after the end of Year 3.
