Subject: e mail mainly for Chariman Campbell, but info for ms. mathie and ms. murray

chairman campbell, I have reviewed the transcript of the public hearing, public comment section re docket#05-035-34 relating to pacificorp acquisition by mid-american holdings.

The changes are not major--since I may not have spoken up clearly. The major testimony that I have been the person responsible for bringing billions of dollars in value to the State of Utah is an incredible statement but true, and that is just the beginning depending on how much cooperation we secure from Mr. Buffett and Utah Power. It is critical that Mr. Buffet is willing to step over to the Union Pacific offices in Omaha, or have one of his employees do so, and request the President of Union Pacific to clear up an injustice that was perpetrated on me over 50 years ago. There are no hard feelings, all I want is moral support at this time because it is critical to achieve major benefits for the citizen rate payers of Utah. Once they realize I was taken advantage of and that I have worked for years to keep my company debt free only asking to develop that for which I have worked for then I think the doors will begin to open. You must understand that when I was attempting to conclude the negotiations with the Union Pacific, Mayor Barlocker was running for Governor and George Eccles of First Security, loaned BARlocker \$750,000.00 to run for governor. That has major implications, but it is only part of the history. Mr. Eccles was on the board of the Union Pacific at that time, along with Harold b Lee.

now, item by item, my first name is spelled
Darrell, not
Darrel. Page 5, line 11. Dixie Power Water light and
telephone
Inc. is the correct name of the company. Page 5 line
22,
eliminate "was" Page 8, line 2. Well, not "we'll"
page 9,
line 2. There not the. Page 10, line 10. "to" after
over.
Page 11, line 4. this not his land. Page 14 line 21.
Darrell not darrel. Page 17, line 3. \$169 million
not \$169. All I remember it was a figure in the
millions, that
is the main point. That was a signalled that the
problem was
widespread and affected every western state adversely.
page
18, line 5. Near the university in Omaha. HE did not
specify
the name. Page 18, line 5. acquisition not opposition.
Page
19, line 15, should read would have 150,000 customers
if nevada
legislatue had passed energy aggregation as they had
promised
to do. For your information I was working closely
with the
veterans administration in las vegas on a special
electricity
program for the vets. page 24 line 12. Land Board not
landlord.
Landlord was used twice and it should have been Land
Board both
times.
Let me emphasize my willingness to help you achieve
the
maximum results or Mr. Buffett and the ratepayers for
Utah
Power. I have the evidence to backup my claim
regarding the
National Parks Service and the former superintendent
at
Bryce Canyon, Fred FAgergren could be a key witness.
He is
now living in St. George. If Utah Power and Mr.
Buffett will
simply get at the TRUTH to this long struggle, it will
be
beneficial to all. All I am asking is for the truth to
come
out, because if that is accomplished, under oath then
it will
provide the synergy for other major developments to
take place
in Washington county to the benefit of Utah Power,

Washington
County, the State of Utah and the USA. Please
remember that I
have pursued a steady course over the years keeping my
company
debt free and there are major items to address, that
can only
be done in an appropriate manner by reconvening the
hearing.
Items such as the North American Water and power
project,
superconductor power cables, desalination, and mag lev
railroads
that will need power. Thank you for listening and
stand
Graff Hafen
