Subject: Comments on Docket 07-035-T14 – In the Matter of the Approval of Rocky Mountain Power’s Tariff P.S.C.U. No. 47, Re: Schedule 107 - Solar Incentive Program; Request for Comments

Dear Utah Public Service Commission:

In response to your request for comments on Docket 07-035-T14 concerning a continued or expanded solar PV program in Utah, Vivint Solar and Vivint Smart Grid wish to express interest in having the commission grant a continuation and expansion of Rocky Mountain Power’s Solar Incentive Program.

Vivint solar is an affiliate of Vivint, Inc. With over 3,500 Utah employees, Vivint, Inc. is one of the largest home automation companies in North America, and continues to serve as a strong source of employment for the state. Vivint services close to 500,000 customers and is dedicated to enhancing security, and increasing energy efficiency. Visit www.vivintsolar.com to learn more about our solar offering, and www.vivint.com to learn more about our collective offering.

Vivint has a great interest in the expansion of the Solar Incentive Program. The leadership of Vivint created Vivint Solar to make solar technology available to everyone. As Vivint Solar has installed solar systems at residential locations in Utah it would like to echo the statements of Utah Clean Energy: Utah’s untapped solar energy resource and vast rooftop space offer promising opportunities to reduce consumer energy consumption and provide additional value to Utah’s energy grid.

Vivint, Inc, through its Solar and Smart Grid efforts, has the ability to offer energy efficiency to the masses. Vivint would welcome the opportunity to discuss its solutions with the Commission and help make Utah the safest, smartest, most energy efficient state.
