Subject: Notice of Filing Rocky Mountain Power's 2008R-1 Request for Proposals,
Docket No. 08-035-40

Rocky Mountain Power (Company) has advised the Utah Public Service Commission (Commission) that the Company will be issuing the request for proposals (RFP) for new renewable resources (2008R-1 RFP). The Company is expected to issue the 2008R-1 RFP in the second quarter of 2008. The Company has provided this notice of filing in order to allow the Commission adequate time to hire a consultant to monitor the renewable RFP process.

The Company filed the notice for the renewable RFP with the Commission on April 10, 2008. In response the Commission issued an Action Request to the Division of Public Utilities (Division) on April 15, 2008. The Division has determined that the Commission worked with the Utah Division of Purchasing to issue an RFP for the consultant. The consultant RFP was issued April 23, 2008 and will be available until May 21, 2008. The Division concludes that the Company has provided adequate notice for filing its renewable RFP. The Division now wishes to close out this Action Request.
