VIA ELECTRONIC FILING AND OVERNIGHT DELIVERY

Public Service Commission of Utah Heber M. Wells Building, 4th Floor 160 East 300 South Salt Lake City UT 84111

Attention: Julie P. Orchard

Commission Administrator

Re: Docket No. 08-035-T04

Schedule 135, Net Metering Service

On June 13, 2008, the Utah Commission issued its order approving proposed changes to Rocky Mountain Power's net metering service tariff, Schedule 135 subject to recommendations proposed by the Division of Public Utilities plus other language changes and conditions as discussed in the order. On June 26, 2008, Rocky Mountain Power filed revised tariff sheets implementing the Commission's ordered language changes. On July 8, 2008, the Division recommended that the language of Special Condition 3 should be changed to read as follows:

3. All unused credits accumulated by the customer-generator shall expire with the regularly scheduled meter reading for the [March billing period] month of March of each year.

In compliance with the Commission's Order of June 13, 2008, and the July 8, 2008 recommendation from the Division, enclosed for filing are an original and two copies of proposed tariff page associated with Tariff P.S.C.U. No. 47 of Rocky Mountain Power applicable to electric service in the State of Utah. Because there are no additional changes to the other previously filed tariff sheets, they have not been included again. The Company respectfully requests an effective date of July 30, 2008, or earlier if the Commission desires.

Original Sheet No. 135-3

Schedule 135

Net Metering Service
