

ELECTRIC SERVICE SCHEDULE NO. 114 - Continued

CUSTOMER PARTICIPATION: (continued) the call center will be advised if a 'Dispatch Event' is operating and therefore if they are being charged with an 'opt-out' event. Opting out on a third 'Dispatch Event' will result in the Customer discontinuing Program participation. Participating Customers may also discontinue Program participation by notifying the Cool Keeper Call Center.		(L) frm pg 114.2
Participating customers are considered Program participants for the duration of the Program. Future changes to the incentive schedule which result in a reduction in the level of the incentive will be noticed to customers, who will be asked to confirm their continued intent to participate in the program. When the incentive schedule remains at the same level or is increased, Customers will not be asked to confirm continuing participation.		
CONTROL SIGNAL AREA: The area along Utah's 'Wasatch Front' bordered by the following coordinates		
West East South North	East side of the Oquirrh mountain range and Tooele West side of the Wasatch mountain range Elberta, Utah north (including Elberta) Pleasant View, Utah south (including Pleasant View)	
This area will be expanded as the contractor develops enhancements to the Control Signal Area infrastructure.		(L) from pg 114.2
QUALIFYING EQUIPMENT: Eligible Customer equipment for Unit installation: Air source split or packaged air conditioner or heat pump with an Air Conditioning & Refrigeration Institute (ARI) standard rating cooling capacity \leq 90,000 Btu per hr (7.5 tons).		

All participants' air conditioning equipment must comply with National Electric Code (NEC) standards. Equipment must also be fully operational. Participants residing in rental units must obtain the express permission of the owner of the air conditioning system before signing up for the Program.

(continued)

(L) to pg 114.4

Issued by authority of Report and Order of the Public Service Commission of Utah in Advice No. 08-10
