**Re: In the matter of the Application of Milford Wind
 Corridor Phase I, LLC and Milford Wind Corridor
 Phase II, LLC (collectively, "Milford") for
 Certificates of Public Convenience and
 Necessity for Phase I and Phase II of the
 Milford Wind Power Project
 Docket No. 08-2490-01**

Dear Ms. Orchard:

In connection with the above referenced matter, and on behalf of Utah Associated Municipal Power Systems ("UAMPS"), I enclose for the Public Service Commission's consideration the parties' Stipulation to extend the date on which responses are due to Milford's Application and related Motion to Dismiss from March 24, 2008 to March 31, 2008.

Milford relies on Senate Bill 202 in its Notice of Governor's Signing of Senate Bill 202 and Request for Order of Dismissal that it filed on March 21, 2008. UAMPS respectfully requests the Commission grant the foregoing extension so that the parties may consider the affect Senate Bill 202 may have on these proceedings.

Please call with any questions.

Best regards,

Matthew F. McNulty, III

Enclosure
