1 P R O C E E D I N G S

2 CHAIRMAN BOYER: Let's go back on the record
3 and with a new reporter. Welcome. This is Docket
4 No. 09-035-15, and this is the time and place duly
5 noticed for the hearing of public witnesses in the
6 matter of the application of Rocky Mountain Power for
7 approval of its proposed energy cost adjustment
8 mechanism.

9 Let the record reflect that we're now at
10 eight minutes after the hour and no members of the
11 public have appeared or indicated any interest in
12 presenting evidence to us or testimony to us and none
13 have indicated that they will be coming, and because of
14 that, that will conclude this hearing.

15 And we're going to take this matter under
16 advisement, even though the parties think that the
17 answer is self-evident from all perspectives. We think
18 it's a little more complicated than that, and so we're
19 going to take a little time to deliberate on it, but we
20 will work efficiently to get an order out posthaste,
21 certainly before the rate case order comes out, I think.

22 No? Stay at the same? Now, we're going to
23 make every effort to get it out quickly so that you'll
24 know whether we're going forward with Phase II or not.
25 Thank you all for your participation, and travel safely.

1 COMMISSIONER ALLEN: Cheryl?

2 CHAIRMAN BOYER: Oh. Cheryl.

3 MS. MURRAY: At the risk of saying something
4 I really don't want to say, did the order say until
5 6:00?

6 CHAIRMAN BOYER: No, it did not.

7 MS. MURRAY: Oh.

8 CHAIRMAN BOYER: I specifically made certain
9 that that did not say that this time. Thank you all for
10 participating.
