Re: Error in Application for Approval of Pole Attachment Agreement between PacifiCorp and TCG Utah, Docket 09-035-52.

Dear Julie:

Rocky Mountain Power hereby provides a revision to Exhibit A to its Application for Approval of Pole Attachment Agreement between PacifiCorp and TCG Utah. The contract in Exhibit A contains a confidentiality clause and should have been filed pursuant to the Protective Order. Please find enclosed a redacted version as well as the confidential version copied on yellow paper.

The Commission's Order of August 11, 2009 makes reference to one confidential issue, the shorter period for default and cure in Sections 7.02 and 7.03. I am attaching a proposed change to the Order to avoid the need for filing a confidential and redacted version of the Order.

Should you require any further information please contact me on the number shown above.

Sincerely,

Barbara Ishimatsu
