**MEMORANDUM**

To: Utah Public Service Commission

From: Utah Division of Public Utilities  
Philip Powlick, Director  
Artie Powell, Manager, Energy Section Manager  
Abdinasir Abdulle, Technical Consultant  
Jamie Dalton, Utility Analyst II

Date: October 21, 2009

Ref: Docket No. 09-035-T10. Revisions to Schedule 110 – Energy Star New Homes Program

---

**RECOMMENDATION (approval)**

The Division of Public Utilities (Division) recommends that the Commission approve Rocky Mountain Power's (Company) changes to tariff sheets 110.2, 110.3, and 110.4, Schedule 110, the Energy Star New Homes Program. The Company's revisions are in compliance with a Commission order identifying a new requirement for Energy Star-approved lighting and specifying an eligibility date for equipment installation.

**DISCUSSION**

On August 6, 2009, the Commission issued an order under this docket directing the Company to modify schedule 110 to include language requiring the Company to specify that all compact fluorescent lamps (CFLs) installed under the tariff must be ENERGY STAR approved. The Commission's order also directed the Company to include language specifying that incentives approved under this docket shall be available for measures installed after July 24, 2009.<sup>1</sup> These

revisions have been included in each of the revised tariff sheets (which have been notated and included in the attachments to this memo).

The Company has included the Commission's relevant specified changes in this filing, and therefore appears to be in compliance with the August 6, 2009 order. As a result, the Division recommends that the Commission approve the revisions as filed.
