for Applicant

The above entitled application of Utah Power & Light Company was filed with the Commission on May 4, 1960. Due and legal notice was furnished interested parties by mail and by publication of notice of hearing in the Salt Lake Tribune and The Wasatch Wave, newspapers of general circulation in Wasatch County, Utah.

From the evidence of record and the file in this matter the Commission finds as follows:

That applicant, Utah Power & Light Company, is a corporation organized under and existing by virtue of the laws of the State of Maine, duly qualified to transact business in the State of Utah as a "public utility" and an "electrical corporation" as those terms are defined in Section 54-2-1, Subsections 20 and 28, U.C.A. 1953.

That said applicant has recently acquired from Wasatch County, Utah, a franchise authorizing it to construct, maintain and operate in the present and future streets, alleys and public places in Wasatch County, Utah, electric light and power lines,

together with all the necessary or desirable appurtenances, for the purpose of supplying electricity to said County, the inhabitants thereof, and persons and corporations beyond the limits thereof for light, heat, power and other purposes. A copy of the ordinance granting said franchise was submitted with the application herein and by this reference is made a part hereof. Said franchise is dated April 4, 1960 and runs until April 4, 2010.

That the facilities authorized by said franchise are necessary to supply electric power and energy to Wasatch County and its inhabitants. No other public utility supplies service to the area.

That public convenience and necessity require that applicant be permitted to exercise the rights and privileges as in said franchise provided.

Based upon the foregoing findings the Commission concludes that the application should be granted.
