Re: Utah Demand-Side Management Annual Report for 2009

In Docket No. 09-035-27, the Utah Demand-Side Management Advisory Group recommended to the Commission that an annual report on demand-side management activities be provided to the Commission no later than March 31st of each year. In its October 7, 2009 order addressing the Advisory Group's recommendations in this docket, the Commission approved the annual report recommendation. In compliance with this order, Rocky Mountain Power provides herewith its annual report on demand-side management activities for calendar year 2009.

In the same docket, the Commission issued a second order, dated December 21, 2009, which stated the following on page 3 of the order:

“We intend to have a comment and review period following receipt of the first Annual Report and will consider additional comments and suggestions at that time for further refinement going forward.”

Rocky Mountain Power welcomes comments from interested parties on its Utah Demand-Side Management Annual Report for 2009 and looks forward to working with parties to ensure the content of this report is meaningful and informational going forward.

It is respectfully requested that all formal correspondence and staff requests regarding this matter be addressed to:
