RE: Advice No. 10-12  
Schedule 10 – Housekeeping Filing

Enclosed for filing are an original and two copies of proposed tariff sheets associated with Tariff P.S.C.U. No. 47 of Rocky Mountain Power applicable to electric service in the State of Utah. Pursuant to the requirement of Rule R746-405D, PacifiCorp (the “Company”) states that the proposed tariff sheets do not constitute a violation of state law or Commission rule. The Company will also provide an electronic version of this filing to [psc@utah.gov](mailto:psc@utah.gov). The Company is requesting an effective date of January 8, 2011 for these changes.

Third Revision of Sheet No. 10.3      Schedule 10      Irrigation and Soil Drainage Pumping Power Service

The housekeeping change to the tariff sheet is to correct the power charge for customers not participating in the time-of-day program to \$5.75 per kW. This is the correct rate approved by the commission in Docket No. 09-035-23 and has been used in billing the Company’s Schedule 10 customers since June 8, 2010. No other language changes are proposed and no incentive levels or provisions of service have been modified.
