In the Matter of the Formal Complaint of)
Uranium One Ticaboo Inc., against the) DOCKET NO. 10-2508-01
Ticaboo Electric Improvement District) ORDER OF DISMISSAL

ISSUED: January 11, 2011

By The Commission:

This matter is before the Commission on the parties' joint motion to dismiss. Petitioner Uranium One Ticaboo, Inc. (Company) filed a Complaint against the Ticaboo Electric Improvement District (District) alleging violations of governing Utah law, violations of the District's tariff/rate schedule, breach of contract and other unlawful discriminatory practices. After a scheduling conference, the parties agreed to have the Division of Public Utilities (Division) attempt to mediate a settlement. The parties initially reached a settlement in principle, but were ultimately unable to memorialize the terms of a settlement. Thereafter, the District adopted a new rate schedule to be effective January 1, 2011. Also, the Company disconnected its facilities from the District's electric power system, and further discontinued operation of its facilities within the District.

On or about December 13, 2010, the parties notified the Commission in writing that the Company no longer wished to maintain its Complaint and the District had no objection to its dismissal.

ORDER

Therefore, finding good cause appearing for the dismissal of this matter, the Commission dismisses the Company's Complaint.
