Date: October 28, 2011
Subject: Request for extension to file the Division's report on the solar incentive workgroup,
Docket Nos. 07-035-T14 and 11-035-104.

In its Order dated July 7, 2011 in the above cited dockets, the Commission ordered the Division of Public Utilities (Division) to organize and lead a workgroup to investigate extending and expanding the current Solar Incentive Program with Rocky Mountain Power. The Division is to report on workgroup recommendations on November 1, 2011.

Because of the need to process additional information the Division has received and still expects to receive from interested parties, the Division requests a postponement of the due date of its report for one week to November 8, 2011.
