

Utah Solar Incentive Workgroup
Thursday, September 8, 1:30-3:20
Room 401, Heber M. Wells Building
160 East, 300 South
Salt Lake City, Utah

Call-in access number: 877/820-7831

Participant Passcode: 342629#

- I. Introductions. (10 minutes)
- II. Scope and Purpose of Workgroup. (Division of Public Utilities) (10 minutes)
 - A. Workgroup process and products. The Workgroup has a narrow focus.
 1. Should the solar incentive program be continued?
 2. If so, should it be expanded?
 3. If expanded, how should it be structured?
 - B. Workgroup comments due to Utah Commission November 1.
 1. If there is a consensus, the Workgroup recommendation will be submitted to the Utah Commission by the Division.
 2. If there is a non-consensus, the Division will prepare a memorandum to the Utah Commission and outline the issues.
- III. Overview of Current Solar Incentive Program. (Rocky Mountain Power) (15 minutes)
- IV. What Useful Technical Information can Participants Offer? (All) (10 minutes)
- V. Prioritization of Issues. (All) (30 minutes)
 - A. Program continuation/expansion.
 - B. Cost-effectiveness.
 - C. Program design (program size, funding mechanism, administration).
 - D. Other Issues.
- VI. Should the Workgroup Form Two or Three Subgroups to Focus on Issues and Provide Written Recommendations? (All) (15 minutes)
 - A. Given time constraints, subgroups may be the most efficient way to proceed.
 - B. If so, how many subgroups and what should they cover?
- VII. Issues that Other Parties may wish to Introduce. (All) (10 minutes)
- VIII. Future Meetings of this Workgroup – how many, when, why? (All) (10 minutes)
