Subject: Data responses in 10-035-89

Yvonne,

Bob & I received the Company's data responses to our data request sets 12 & 13 in the above-referenced docket.

With respect to the REC responses (set 12), that consisted mostly of objections, in light of the side agreement to settle that docket that is based entirely on RECs, we do not believe that this objection is well-founded. In addition, we did also serve them in the Deferred REC docket. Will you be providing responsive answers in that docket? In any event, because we believe your objection is unfounded, if we do not get responsive answers we will be filing a motion to compel.

With respect to the Idaho docket responses (set 13), if there is any information that is in the confidential version of Mr. Lobb's and Mr. Paseau's testimony that is not RMP confidential information, but rather confidential information that belongs to someone else, we understand your position. However, if the information that makes those two sets of documents confidential is because it recites RMP confidential information, then your objections are once again unfounded. It is RMP information and we have signed a confidentiality agreement to receive RMP confidential information. Unless we receive the RMP confidential information, we will file a motion to compel.

I left you a voicemail earlier in the day to this effect, before getting the responses and hoped that you would change your mind. You either did not get my message or chose to disregard it. As I indicated in my voicemail, this is an attempt to meet and confer to resolve this issue. Please contact me or Bob Reeder to discuss if you care to try to get the issue resolved. If we do not hear from you by Monday, we will file a motion to compel.
