Re: Rocky Mountain Power Request for Proposals, Docket No. 11-035-73.

---

The Division of Public Utilities (Division) requests a technical conference be noticed and held on Friday, December 9, in order to discuss outstanding issues. The Division has suggested a formal technical conference to Merrimack Energy (the Utah Independent Evaluator), the Office of Consumer Services, and the Utah Association of Energy Users and there is no opposition. The Division is not requesting a change in the dates for reply comments (December 7) or the hearing (December 12).
