Re: Docket No. 10-035-124
Replacement for Tariff Sheet Schedule 98, Attachment A and Attachment A
Workpaer in the Compliance Filing to Implement the Commission's Report and
Order on Rate Design

The Company found two errors in the Attachment A Workpaper in the Complany's Compliance Filing to Implement the Commission's Report and Order on Rate Design filed on September 14, 2011. The first one was that the proposed GRC revenues in column O for Schedule 25 migrating either to Schedule 23 or Schedule 6 were mistakenly not included in the calculations of the proposed Schedule 98 rates for Schedule 6 and Schedule 23. The second one was that the calculations of the proposed Schedule 98 revenue in column S for Schedule 25 customers migrating either to Schedule 6 or Schedule 23 were incorrect.

Enclosed for filing are replacements for the tariff sheet Schedule 98, the Attachment A and the Attachment A Workpaper. The correction to the Attachment A Workpaper resulted a change in the proposed Schedule 98 from -2.65% to -2.64% for Schedule 23 and it has no impact to the rest of the proposed rates in the compliance filing.
