Re: Docket No. 12-035-101, "In the Matter of the Application of Rocky Mountain Power for Approval of Changes to Tariff Schedule No. 38, Qualifying Facility Procedures"

Dear Mr. Taylor,

In compliance with Paragraph 13 of the Commission's Report and Order issued October 31, 2005, in Docket No. 03-035-14,<sup>i</sup> Rocky Mountain Power (Company) filed for the approval of revisions to Electric Service Schedule No. 38, "Qualifying Facility Procedures" on October 19, 2012.

On November 19, 2012, the Commission received comments from the Office of Consumer Services (Office) noting the requisite language described in Paragraph 13 "informing QFs of available informal and formal dispute resolution procedures" was missing from the Company's proposed revisions. Further, the Office recommends the Commission direct the Company to file a notice with the Commission when the website check list, also required in Paragraph 13, is complete.

The Commission concurs with the Office, the Company did not include available informal and formal dispute resolution procedures in the proposed language changes in this application and directs the Company to work with parties to develop a proposed revision to Schedule 38 incorporating such language and to file this language within two weeks from the date of this letter. Further, the Commission directs the Company to file a notice with the Commission when the website check list is complete.

Sincerely,

/s/ Gary L. Widerburg  
Commission Secretary  
D#239781
