ORDER ON TARIFF MODIFICATIONS )  
-----

ISSUED: June 10, 2013

By The Commission:

On April 15, 2013, Rocky Mountain Power, a division of PacifiCorp (“Company”), submitted for approval a revised Electric Service Schedule No. 38, qualifying facilities procedures (“Schedule 38”), pursuant to the Commission’s March 21, 2013, order in this docket. In the order, the Commission:

- Denied the Company’s request to incorporate language introducing a 60-calendar-day waiting period prior to filing a complaint with the Commission and directed the Company to incorporate in a new Section III of Schedule 38, a reference to the Commission’s informal and formal complaint processes;
- Directed the Company to develop on its website a table or check list incorporating the decisions in the Commission’s Report and Order issued October 31, 2005, in Docket No. 03-035-14 (“2005 Order”), and allowing qualifying facility (“QF”) developers to view the process for determining QF indicative pricing; and
- Directed the Company to revise Schedule 38, Section II.B to include references to the Commission-approved electrical interconnection rules and Company forms and agreements pertaining to distribution interconnection.

On May 15, 2013, the Utah Division of Public Utilities (“Division”) and the Utah Office of Consumer Services (“Office”) filed responses to the Commission’s April, 23, 2013, Action Request to review the Company’s filing for compliance and to make recommendations. In their responses, the Division and Office both indicated the Company’s filing generally

complies with the Commission's order. Both responses, however, recommend the Company make corrections to its website to make information more accessible. Specifically, the Office recommends the Commission require the Company to: "1) [i]nclude in the tariff a link to the checklist located on the Company's website; and 2) [c]heck and monitor the links provided in the checklist to ensure they are working correctly."

The Commission appreciates the Office and Division's thorough review of the Company's filing and would be inclined to consider the respective recommendations for further changes to Schedule 38 in the context of future proceedings.
