RE: Docket No. 09-035-15
Docket No. 12-035-67
2013 Quarter 3 EBA Report

Per the schedule in the June 15, 2012 Order of the Public Service Commission of Utah (Commission) on Energy Balancing Account (EBA) filing requirements in Docket No. 09-035-15, as modified by stipulation and Commission order in Docket 12-035-67, the quarterly Utah EBA Report for the period July 1 through September 30, 2013, is due today. The Company has not completed its final review of the report; thus, it will not be ready for filing with the Commission for several days. Rocky Mountain Power hereby requests a ten-day filing extension and anticipates filing the Report by December 10, 2013. The Company has discussed the proposed extension with the Division of Public Utilities (Division) and the Division expressed no concerns with the request.

Please feel free to call our office if you cannot accommodate this request. Any inquiries regarding this request may be directed to Dave Taylor at (801) 220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
