Thanks, looking forward to it. Siemens is the front runner today followed by Vestas. I know you all like Siemens machines. Pretty soon, you all are going to want to buy this project from us! Ha!

We are having our meetings today in Portland to go over the PPAs. I will give you a call tomorrow. Regarding turbine selection, is there a frontrunner in the selection process right now?

Wasn't sure if you were going to Portland today or were in meetings already today. Let us know when we should circle up again.
