Pursuant to Utah Code Ann. § 54-12-2, PacifiCorp, doing business in Utah as Rocky Mountain Power ("Rocky Mountain Power" or "Company") hereby applies for an order approving the Power Purchase Agreement ("Agreement") between PacifiCorp and Long Ridge Wind I, LLC ("Long Ridge I") dated July 3, 2013. In support of its Application, Rocky Mountain Power states as follows:

1. Rocky Mountain Power is a public utility in the state of Utah and is subject to the jurisdiction of the Commission with regard to its rates and service. RockyMountain Power also provides retail electric service in the states of Idaho and Wyoming. As a "purchasing utility," as that term is used in Utah Code Ann. §54-12-2, PacifiCorp is obligated to purchase power from qualifying facilities pursuant to the Public Utility Regulatory Policies Act of 1978, Utah Code Ann. §54-12-1, *et seq.*, and the Commission's orders. Under the Agreement, Long Ridge I represents itself to be a

qualifying facility, and agrees to provide PacifiCorp, upon request, with evidence to show its qualifying facility status.

2. Communications regarding this Application should be addressed to:

By e-mail (preferred): datarequest@pacificorp.com

- 3. In Docket No. 03-035-14, *In the Matter of the Application of PacifiCorp* for Approval of an IRP-Based Avoided Cost Methodology for QF Projects larger than One Megawatt, the Commission issued a series of Orders, which established avoided capacity and energy cost payments for purchases from QF projects larger than one megawatt, such as Long Ridge I's, under contracts with PacifiCorp with terms up to 20 years.
- 4. The Agreement provides for the sale to PacifiCorp of energy to be generated by Long Ridge I up to MW, from a wind-powered generation facility for the generation of electric energy located in Millard County, Utah (the "Facility"). A copy

of the confidential Agreement is attached to this Application as Exhibit A. The

Agreement is for a term of twenty (20) years from the later of the Scheduled Commercial

Operation Date or the Commercial Operation Date.

5. The purchase prices set forth in the Agreement were calculated using the

methodology approved in Docket No. 03-035-14.

6. The Facility is located in Millard County, Utah in an area served by Rocky

Mountain Power. All interconnection requirements will be met and the Facility will be

fully integrated with the Rocky Mountain Power system.

7. The Agreement constitutes a "New QF Contract" under the PacifiCorp

Interjurisdictional Cost Allocation Protocol ("Protocol"), previously filed with the

Commission pursuant to a stipulation in Docket No. 02-035-04. According to the terms

of the Protocol, the costs of the QF provisions would be allocated as a system resource,

unless any portion of those costs exceed the cost PacifiCorp would have otherwise

incurred acquiring comparable resources.

WHEREFORE, Rocky Mountain Power respectfully requests that the Commission

issue an order approving the Agreement and find the terms and conditions of the

Agreement to bejust, reasonable and in the public interest.

DATED this 9th day of July 2013.

Respectfully submitted,

Daniel F. Solander
