**Re: Objection to Proposed Confidential Information Certificate  
Docket No. 13-035-184**

Dear Commissioners:

On December 31, 2013, in response to the UIEC's letter to the Commission dated December 27, 2013, RMP filed a modified Appendix A. The proposed modified Appendix A removes the second sentence from the original version, which had required the signing party to verify "that I have returned or destroyed all confidential materials from other dockets in which I have participated, pursuant to Rule 746-100-16.3.e." RMP observes that some parties already have signed the original version and suggests that the "parties sign such Commission approved [revised] form, attached hereto as Exhibit A, until any controversy can be resolved."

The UIEC agrees that the controversy has yet to be resolved and notes that the revised Appendix A, while apparently compliant with the language of rule R746-100-16, does not address the objections raised in UIEC's December 27 letter. The UIEC continues to believe that RMP's designation of confidential information, for which RMP offers no explanation, is broader than may reasonably be required and imposes an undue burden on interveners who wish to fully participate in the docket. The UIEC therefore reserve its right to challenge the Company's confidentiality designations and to seek any other relief from the Commission as appropriate.

The UIEC respectfully suggest that the question of whether confidential information in one docket should be used across several dockets could be resolved at a scheduling conference or at a time convenient to the Commission and the parties.

Very truly yours,

PARSONS BEHLE & LATIMER
