

RMP 2014 GRC Filing Requirements

R746-700-20.C.4.d

List of Capital Additions: A list will be provided of all major capital additions to rate base individually exceeding \$1,000,000 or 0.01% of total company net plant in service, whichever is greater for each year, beginning with the year prior to the historic periodic reported year through the test period. Projects under \$1,000,000 shall be grouped in aggregate utilizing the utility's usual plant categorizations. A brief description will be provided for each major capital addition in the list.

Response to R746-700-20.C.4.d

Please refer to Exhibit RMP__(SRM-3), Adjustment 8.6 (Pro Forma Plant Additions and Retirements) for the forecast capital projects included in the filing. The projects over \$1 million are listed separately and the projects less than \$1 million are grouped by factor on each functional page.

Please refer to Attachment R746-700-20.C.4.d- 1 for capital project information for the year ended June 2013. The projects over \$1 million are listed on the first tab and the projects less than \$1 million are grouped by function and factor on the second tab in the worksheet.

Please refer to Attachment R746-700-20.C.4.d- 2 for capital project information for the year ended June 2012. The projects over \$1 million are listed on the first tab and the projects less than \$1 million are grouped by function and factor on the second tab in the worksheet.
