Subject: Keep solar fair in Utah
To: tleva@utah.gov

Dear Commissioner LeVar,

With the excess carbon in the atmosphere, this is the last thing we need.
Rocky Mountain Power is trying to charge solar customers a tax. Really? This is a penalty for customers who have made a choice to produce their own power.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.
We need clean power.
Please keep solar fair in Utah.

Let's move to a bright future for our children.

Sincerely,

Mike Ginsburg
