Subject: Make Utah a solar leader  
To: [drexclark@utah.gov](mailto:drexclark@utah.gov)

Dear Commissioner Clark,

Where are the solar panels on the NSA complex? That area alone seems like a no-brainer, yet the citizens of Bluffdale give up hundreds of thousands of gallons of water for cooling the NSA computers? That grey water returned to Bluffdale will be needed as primary water in the future for survival!

Don't penalize customers for making the choice to generate their own clean energy. I urge you to support Utah's clean energy future and oppose this unfair tax.

Sincerely,

k nye
