Dear Commissioner Clark,

I am a huge fan of solar and a big proponent of individual choice (keeping government out of where it doesn't belong). Don't protect a monopoly and punish the consumer by placing a tax on solar power in Utah. Don't make it harder on those of us who are wanting to do some good for the environment and please keep things truly fair. If Rocky Mountain Power succeeds in implementing a monthly tax on solar power it will be a huge step in the wrong direction.

Don't penalize customers for making the choice to generate their own clean energy. I urge you to support Utah's clean energy future and oppose this unfair tax.

Sincerely,

Matt Thornton
