Subject: Support solar! Don't tax the sun!  
To: [drexclark@utah.gov](mailto:drexclark@utah.gov)

Dear Commissioner Clark,

Utah has amazing solar resources and should be a national leader in rooftop solar, but ranks only 31st in the nation for solar homes.

Now, Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future. Utah has such beauty and to preserve that we want to support solar so that Utah will have green options in the future so that we can be a cleaner state

Sincerely,

Jennifer StarrLugo
