Subject: Support solar!
To: tleva@utah.gov

Dear Commissioner LeVar,

Utah has amazing solar resources and should be a national leader in rooftop solar, but ranks only 31st in the nation for solar homes.

Now, Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader. Don't keep us dependent on coal and other polluting energy sources. Don't give in to RMP's bid to monopolize the power industry.

Don't penalize customers who want to generate clean solar energy. Support solar and Utah's clean energy future. We have abundant sunshine here, we should use it and do everything we can to promote individuals and business to use solar power in their homes. Let's put the environment BEFORE business profit for once!

Sincerely,

Mary Norton
