Dear Commissioner LeVar,

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Please keep solar fair in Utah.

Beyond this they are supporting clean air. I think they are contributing to the entire world. why tax such huge contributor to your families health!

Sincerely,

AARON WALDRON
