Subject: Keep solar fair in Utah
To: tleva@utah.gov

Dear Commissioner LeVar,

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Please keep solar fair in Utah.

I plan to put solar panels on my house in the next year, but if I get taxed for having them it will severely impact our ability to pay them off. Utilizing the rays from the sun for energy should be free. We need to become more energy independent for our childrens future. Please appose this tax.

Sincerely,

Wendy Sorensen
