Subject: Keep solar fair in Utah
To: tleva@utah.gov

Dear Commissioner LeVar,

The attempt to discourage renewable power is reprehensible. An individual homeowners installation of photovoltaic power to their home has no negative impact and in fact reduces the demand on existing power supplies. To impose a tax on a consumer for the benefit of a multi-national power conglomerate is disingenuous at the very least, and should be opposed at every opportunity.

Sincerely,

Bruce Cunningham
