Subject: Taxing solar energy
To: rallen@utah.gov

Dear Chairman Allen,

I have learned that Rocky Mountain Power is trying to impose a solar tax that will prohibit Utah from ever being a national solar leader.

How can anyone in good conscience tax sunlight? Solar power is clean energy. To tax it is to discourage it. Don't penalize customers who want to generate clean solar energy.

Sincerely,

Gerald Names

Ron Allen, Chairman
Utah Public Service Commission
