Subject: Keep solar fair in Utah
To: tleva@utah.gov

Dear Commissioner LeVar,

Rocky Mountain Power is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

Let the free market that you all praise so highly do its job. If people don't like solar power, they won't implement it in their homes. Don't let your corporate masters dictate how we as a people have a right to live our lives.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Please keep solar fair in Utah.

Sincerely,

Casey Glaubman
