I have solar and do not agree with a \$4.25 A MONTH FEE. I DO NOT BURDEN OTHER CUSTOMERS. THE ENERGY I GENERATE GOES BACK INTO THE GRID THUS HELPING OTHER CUSTOMERS SO THEY CAN HAVE ELECTRICITY FOR THEIR NEEDS. I STILL PAY THE MONTHLY FEE THAT ALL CUSTOMERS PAY SO BECAUSE I HELP GENERATE ELECTRICITY I HAVE TO PAY MORE? THERE IS SOMETHING WRONG WITH THAT IDEA. THE TIME WILL COME WHEN THEY WILL AGAIN ASK FOR MORE SO GRANTING IT NOW WILL JUST CAUSE THEM TO THINK THEY CAN CONTINUE BURDENING THOSE WHO ARE GENERATING POWER FOR THEIR USE TO PAY EVEN MORE. PLEASE DO NOT ALLOW THIS TO HAPPEN. THEY ARE A MONOPLOY AND THAT IS WHY THEY THINK THEY CAN DO THIS.

SOLAR IS GREEN AND COAL IS BAD FOR THE AIR.
