Subject: Keep solar fair in Utah
To: tleva@utah.gov

Dear Commissioner LeVar,

Rocky Mountain Power (RMP) is trying to charge solar customers a tax. This is a penalty for customers who have made a choice to produce their own power.

RMP should not have a monopoly on power. This is clean power your constituents want to generate. Don't penalize them by supporting big business with this rate increase. Don't be a slave to lobbying, vote how the people want you to, not the corporations.

If this solar tax is implemented, Utah will not have a chance to be a solar leader. Utah ranks 7th in the United States for solar resource but only 31st for solar homes.

Please keep solar fair in Utah.

Sincerely,

Susan Clark
