UTILITY: Rocky Mountain Power  
ACCOUNT NUMBER: 13739026-001

COMPLAINT TYPE: Rate Increases  
COMPLAINT: Rocky Mountain Power has not considered the benefits to health and the environment in their proposed net metering fee. This fee is an unfair penalty designed to increase their profits and penalize clean energy producers.

SUGGESTED RESOLUTION: I'm begging the utility commission to side with the people of Utah on this issue, not an insanely profitable utility monopoly.
