Enclosed for filing are an original and two copies of proposed tariff page associated with Tariff P.S.C.U. No. 48 of Rocky Mountain Power applicable to electric service in the State of Utah. Also provided with this filing is Exhibit 1, which shows the calculation of the average retail rate credit prices for large non-residential customers. The Company will also provide an electronic version of this filing to psc@utah.gov. The Company respectfully requests an effective date of July 1, 2013.
