Pursuant to the Order Confirming Bench Ruling in Docket No. 13-035-196, *In the Matter of the Application of Rocky Mountain Power for Approval of Revisions to Back-Up, Maintenance, and Supplementary Power Service Tariff, Electric Service Schedule 31*, (“Order”) of the Public Service Commission of Utah (“Commission”) PacifiCorp, doing business in Utah as Rocky Mountain Power (“Rocky Mountain Power” or “Company”), hereby requests approval of the Partial Requirement Master Electric Service Agreement (“Agreement”) between PacifiCorp and Tesoro Refining and Marketing Company, LLC (“Tesoro”) dated August 11, 2014. In support of its Application, Rocky Mountain Power states as follows:

1. Rocky Mountain Power is a public utility in the state of Utah and is subject to the jurisdiction of the Commission with regard to its rates and service. Rocky Mountain

Power also provides retail electric energy and power to retail electric customers in the states of Idaho and Wyoming. Most customers needing partial requirements services must take it under Schedule 31, pursuant to the Commission's Order. Customers with more than 15,000 kW of on-site generation can take such services by agreement. Under the Agreement, Tesoro represents that it generates more than 15,000 kW of on-site electricity and therefore qualifies to take partial requirements service by separate agreement.
