**Re: Docket No. 14-035-____
Compliance Filing**

The Commission's letter, dated September 4, 2012, in Docket No. 12-035-91, approved the addition of Special Condition 6 to Rocky Mountain Power's ("Company") Electric Service Schedule 70, Renewable Energy Rider – Optional. The Company inadvertently did not file an updated tariff and now respectfully requests: 1) a retroactive effective date of September 4, 2012 for the tariff approved in Docket No. 12-035-91; and 2) authorization to indefinitely extend the promotional program offerings, as described in the approved tariff language.

Enclosed for filing are an original and ten copies of the Application and Exhibit A. The Company will also provide an electronic version of this filing to psc@utah.gov.

Questions regarding this filing may be directed to Paul Clements at (801) 220-4470.

Very truly yours,
