RE: S.B. 180 Public Utility Amendments

Dear Mayor Chavez,

On March 27, 2013, Governor Hebert signed into law S.B. 180, Public Utility Amendments, which was enacted in the 2013 general session of the Utah legislature.

The law requires Rocky Mountain Power to provide notice to municipal electric providers, by December 15, 2013, of each site to which it was providing electric service within the municipal boundaries as of June 15, 2013. The required notice is provided as an enclosure herein.

In addition to this required notice, the law requires an agreement between Rocky Mountain Power and the municipal electric provider for ongoing service to the sites included in the notice provided. This agreement is required to be completed and filed with the Public Service Commission of Utah for approval by June 15, 2014.

To facilitate the process of completing the required agreement for ongoing service to sites including in the enclosed notice by June 15, 2014, an agreement is enclosed for your review. Please review and return a signed copy of the agreement, or if you have questions, please contact me by email or phone at the contact information provided above.

We look forward to working with you to complete the requirements of S.B. 180.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert C. Lively". The signature is fluid and cursive, with a large initial "R" and a stylized "L".

Robert C Lively
Rocky Mountain Power
