Subject: Docket 14-035-20 PacifiCorp's Semi-Annual Hedging Report. Office of Consumer Services Reply Comments

On February 14, 2014, PacifiCorp (Company) filed with the Public Service Commission (Commission) its confidential Semi-Annual Hedging Report (Report). On March 6, 2014 the Commission issued a Notice of Filing and Comment Period allowing interested parties to submit comments the Report on or before March 28, 2014 and reply comments on or before April 11, 2014.

On March 17, 2014 the Division of Public Utilities (Division or DPU) submitted comments regarding the Report stating "As of the date of this report, the Company is in compliance with the current hedging guidelines and no further action is required". On March 28, 2014, the Office of Consumer Services (Office or OCS) provided comments and recommendations for future reports.

Subsequent to filing our March 28, 2014 comments and recommendations the Office received the Company's response to our second data request. Both DPU Data Request 2.5 and OCS Data Request 2.1 related to Confidential Attachment A of the Company's Report. After reviewing these data responses we had a follow-up conversation with the company. During that conversation, we agreed to continue discussions with the Company on possible enhancements to the format of the data presented in Confidential Attachment A on a going-forward basis. No further changes are required to the corrected Confidential Attachment A provided in response to DPU Data Request 2.5.

The Office supports the Division's March 17, 2014 recommendation that no further action is required related to the Report filed on February 14, 2014.
