**Response to EBA Filing Requirement 4**

The data provided in the Company's response to energy balancing account (EBA) Filing Requirement 3, subpart (a) cannot be spread as requested, since actual test period composite net power cost (NPC) allocation detail has not been prepared and is not used in this filing. Consistent with the order in the prior general rate case (GRC), Docket No. 11-035-200, this filing uses the NPC Allocator in Exhibit A1, page of 3, in the Settlement Stipulation in that GRC. Please refer to the Company's response to EBA Filing Requirement 2, subpart (g).
