BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

<p>In re Rocky Mountain Power Quarterly Compliance Filing; 2014.Q2 Avoided Cost Input Changes</p>	<p>Docket No. 14-035-40</p> <p>SUNEDISON, LLC'S INITIAL COMMENTS AND REQUEST FOR SCHEDULING CONFERENCE</p>
--	--

On August 22, 2014, Rocky Mountain Power (RMP) filed its quarterly compliance filing for the second quarter of 2014 to identify changes that RMP has made to the assumptions and models used to calculate avoided cost pricing. RMP's compliance filing lists Docket 03-035-14, but the Commission filed it under this docket, 14-035-40. SunEdison LLC ("SunEdison") hereby submits its initial comments on the filing, and requests a scheduling conference in this matter.

SunEdison submits that careful evaluation and analysis of the changes that have been made by RMP is warranted. Among other things, SunEdison disputes the adjustments made by RMP to

the GRID model to remove projected carbon costs and has concerns about adjustments made to reflect the new transmission constraint. SunEdison also has concerns about other changes that have been made by RMP in this filing and in earlier quarterly updates. In addition, SunEdison has concerns about Schedule 38 processes and procedures that should be discussed.

SunEdison respectfully asks the Commission to set a time for a scheduling conference in this matter to set dates for technical conferences, discovery, substantive comments or testimony and, if appropriate, a hearing.

DATED this 22nd day of September 2014.
