Re: Demand-Side Management 2013 Annual Energy Efficiency and Peak Load Reduction Report pursuant to Commission order in Docket No. 12-035-116

Docket No. 14-035-50

## RECOMMENDATION

The Division of Public Utilities (Division) recommends that the Utah Public Service Commission (Commission) approve the Rocky Mountain Power (Company) request for an extension of the Demand-Side Management 2013 Annual Energy Efficiency and Peak Load Reduction Report (2013 DSM Annual Report) filing date to May 15, 2014.

## ISSUE

On April 18, 2014 the Company filed a request for an extension of the 2013 DSM Annual Report filing date. The filing date is currently scheduled for May 1, 2014. On April 21, 2014, the Commission issued an Action Request to the Division to review the request and make a recommendation on the Company's request for an extension of the filing date. This memorandum is in response to the Commission's Action Request.

## **DISCUSSION**

The Company is requesting a onetime extension for filing the 2013 DSM Annual Report based on an unexpected staffing constraint. The Company is requesting moving the filing date from May 1, 2014 to May 15, 2014. The Division is not opposed to an extension of the filing date.

## **CONCLUSION**

The Division recommends that the Commission approve the Company's request for an extension of the 2013 DSM Annual Report filing date to May 15, 2014.
