

ELECTRIC SERVICE SCHEDULE NO. 140 - Continued
Table 8a - Irrigation Incentives - Measures for Wheel Line, Hand Line, or Other Portable Systems
(Retrofit Only)

Irrigation Measure	Replace	With	Limitations	Customer Incentive
<u>Sprinkler Pressure Regulators</u>	<u>Worn or faulty regulator</u>	<u>New pressure regulator</u>	<u>Must be same design pressure or less</u>	<u>\$2.75 each</u>
<u>New rotating sprinkler replacing worn or leaking impact or rotating sprinkler</u> <u>Rotating, Spray Type or Low-Pressure Sprinklers</u>	<u>Leaking or malfunctioning impact or rotating sprinkler</u> <u>Worn rotating, spray type, low pressure, or impact sprinklers</u>	<u>Rotating sprinkler</u> <u>New rotating, spray-type, or low-pressure sprinklers</u>	<u>1. Fixed-in-place (solid set) systems not eligible.</u> <u>2. Incentive limited to two sprinklers per irrigated acre.</u> <u>Must be same design flow or less</u>	<u>\$2.50 each</u> <u>\$3.00 each</u> <u>(up to 70% of EEM Cost)</u>
<u>New or rebuilt impact sprinkler replacing worn or leaking impact sprinkler</u> <u>New or Rebuilt Impact Sprinklers</u>	<u>Leaking or malfunctioning impact sprinkler</u> <u>Worn or leaking impact sprinkler</u>	<u>New or rebuilt impact sprinkler</u> <u>New or rebuilt impact sprinkler</u>	<u>1. New nozzle shall be included in new or rebuilt sprinkler.</u> <u>Rebuilt sprinkler shall meet or exceed manufacturer's specifications.</u> <u>2. Fixed-in-place (solid set) systems not eligible.</u> <u>3. Incentive limited to two sprinklers per irrigated acre --</u>	<u>\$2.25 each</u> <u>\$3.00 each</u> <u>(up to 70% of EEM Cost)</u>
<u>New nozzle replacing worn nozzle of same design flow or less on existing sprinkler</u> <u>Sprinkler Nozzles</u>	<u>Worn nozzle</u> <u>Existing worn nozzles</u>	<u>New nozzle of same design flow or less</u> <u>New brass or plastic nozzles</u>	<u>1. Flow rate shall not be increased.</u> <u>2. All nozzles on the wheel line or hand line shall be replaced.</u> <u>3. Fixed-in-place (solid set) systems not eligible.</u> <u>4. Incentive limited to two nozzles per irrigated acre.</u> <u>Must be same design flow or less</u>	<u>\$0.50 each</u> <u>\$0.25 each</u>
<u>New flow-control nozzle for impact sprinkler replacing existing nozzle or worn flow-control nozzle of same design flow or less</u> <u>Flow-Controlling Type Nozzles</u>	<u>Worn nozzle</u> <u>Existing worn flow-controlling type nozzles</u>	<u>New flow control nozzle</u> <u>New flow-controlling type nozzles</u>	<u>1. Nozzle to be replaced may be fixed orifice or flow control type.</u> <u>2. New flow control nozzle shall have a flow rating equal to or less than the flow rating of the existing nozzles at 40 psi.</u> <u>3. All nozzles on the wheel line or hand line shall be replaced.</u> <u>4. Fixed-in-place (solid set) systems not eligible.</u> <u>5. Incentive limited to two nozzles per irrigated acre.</u> <u>Must be same design flow or less</u>	<u>\$2.75 each</u> <u>\$1.50 each</u>
<u>New gasket replacing leaking gasket, including mainline valve or section gasket, seal, or riser cap (dome disc)</u> <u>Drains and Gaskets for Wheel Lines, Hand Lines, Pivots, Linears or Portable Main Lines</u>	<u>Leaking gasket</u> <u>Worn or leaking drains and gaskets</u>	<u>New gasket, including mainline valve or section gasket, seal, or riser cap (dome disc)</u> <u>New drains or gaskets (Also includes seals and riser caps (dome discs) for valve openers)</u>	<u>1. New gasket must replace leaking gasket.</u> <u>2. Fixed-in-place (solid set) systems not eligible.</u> <u>3. Incentive limited to two gaskets per irrigated acre.--</u>	<u>\$2 each</u> <u>\$1.00 each</u> <u>(up to 100% of EEM Cost)</u>

Issued by authority of Report and Order of the Public Service Commission of Utah in Advice Docket No. 14-0313-035-89

FILED: ~~June 17, 2013~~ April x May 7, 2014

EFFECTIVE: ~~June 6, 2014~~ June 6, 2014

ELECTRIC SERVICE SCHEDULE NO. 140 - Continued

<p><u>New drain replacing leaking drain</u> <u>Gooseneek Elbow with Drop Tube or Boomback</u></p>	<p><u>Leaking drain</u> <u>Worn or leaking gooseneek elbow with drop tube or boomback</u></p>	<p><u>New drain, including drains on pivots and linears</u> <u>New gooseneek elbow with drop tube or boomback</u></p>	<p><u>1. New drain must replace leaking drain.</u> <u>2. Fixed-in-place (solid set) systems not eligible.</u> <u>3. Incentive limited to two drains per irrigated acre.--</u></p>	<p><u>\$3 each</u> <u>\$1.00/outlet</u></p>
<p><u>Cut and press or weld repair of leaking wheel line, hand line, or portable main line</u> <u>Repair Leaking Wheel Lines, Hand Lines or Portable Main Lines</u></p>	<p><u>Leak in wheel line, hand line, or portable main line</u> <u>Worn or leaking pipe connections or sections</u></p>	<p><u>Cut and pipe press or weld repair</u> <u>Cut and pipe press or weld repair of leaking pipe connections or sections</u></p>	<p><u>1. For rebuilds, invoice must show number of rebuild kits purchased and installed.</u> <u>Invoice must show number of joints or leaks repaired</u></p>	<p><u>\$10/repair</u> <u>\$8.00/joint</u></p>
<p><u>New or rebuilt wheel line leveler replacing leaking or malfunctioning leveler</u> <u>New or Rebuilt Wheel line Levelers</u></p>	<p><u>Leaking or malfunctioning leveler</u> <u>Worn or faulty wheel line leveler</u></p>	<p><u>New or rebuilt leveler</u> <u>New or rebuilt wheel line leveler</u></p>	<p><u>1. Applies to leaking or malfunctioning levelers only.</u> <u>2. For rebuilds, invoice must show number of rebuild kits purchased and installed--</u></p>	<p><u>\$3 each</u> <u>\$0.75 each</u></p>
