

ELECTRIC SERVICE SCHEDULE NO. 11 – Continued

5. The entire system, including initial lamp requirements and wiring suitable for connection to Company's system, will be furnished and installed by the Company. The Consumer is responsible for all associated costs that exceed the Street Lighting Extension Allowance as described in the General Rules of this tariff. Consumer shall not perform the electrical connection of meters or service conductor to the point of delivery.
6. Temporary disconnection and subsequent reconnection of electrical service requested by the Consumer shall be at the Consumer's expense. The Consumer may request temporary suspension of power by written notice. During such periods, the monthly rate will be reduced by the Company's estimated average energy costs for the luminaire (shown in electric service schedule 12). The facilities may be considered idle and may be removed after 12 months of inactivity.
7. Where approved by the Company, all pole mounted outlets used for holiday or other decorations will be supplied with service on a metered General Service rate schedule via a Consumer-installed meter base.
8. Pole re-painting, requested by the consumer and when not required for safety reasons, shall be done at the Consumer's expense using the original pole color.
9. Glare or vandalism shielding, when requested by the Consumer, shall be installed at the Consumer's expense. In cases of repetitive vandalism, the Company may notify the Consumer of the need to install vandal shields at the Consumer's expense, or otherwise have the lighting removed.

CONTRACT PERIOD

Not less than five (5) years for both new and replacement fixtures. After the end of the contract term, the Consumer can request removal of lights with a minimum of 2 months written notice. The Consumer will be charged with costs of removal. If the lights are removed before the end of the contract term, the Consumer is responsible for the cost of removal plus depreciated remaining life of the assets less any salvage value.
